

# Configuration Sheet – Cuff Thigh

Commission no. / Patient ID:  
(No Name!)

## Step 1: What is ordered?

**evomove orthokit** (incl. holder)

**evomove solokit** (incl. pocket)

**Pair of new cuffs** (excl. control unit)

Reference (Ordernumber, patient ID,..): \_\_\_\_\_

right leg

left leg

Fabric color

grey  black

Continuous supply

Test supply  
(4 Weeks)

Continuous supply  
(after test supply)

## Step 2: Recording the measurements (please check)

### 1. Option: 3D-Scan

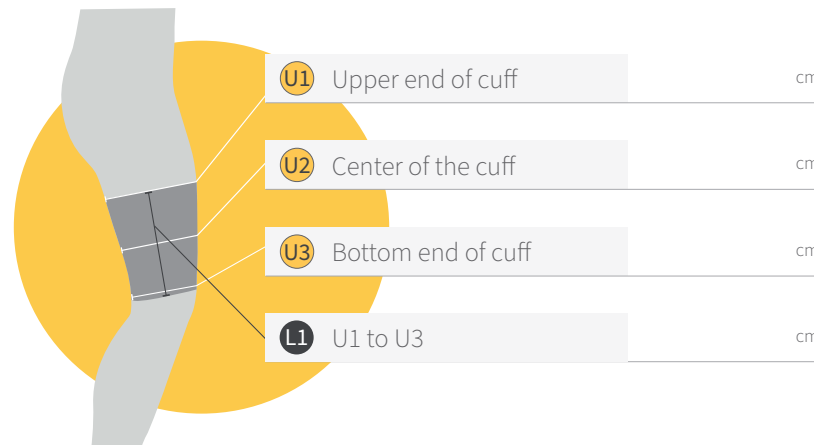

Please make a **3D scan** of the leg with attached screening electrodes.

**Important:** Please scan with your knee stretched as far as possible so that your knees and waist can be seen. When exporting, ensure that the electrodes are visible (elevated), the scan is complete and has no overlaps.

We accept **.obj** and **.stl** files.

### 2. Option: Measurements with photos

Three photos of the upper leg with corresponding electrodes.

**Important:** Knees and hip joint must be visible when taking photos.

## Step 3: Cuff details

	<input checked="" type="radio"/> L2 Cuff length	<input type="radio"/> Standard (Minimal, all electrodes included)
	<input type="radio"/> Individual	<input type="radio"/> Standard (medial)
	<input type="radio"/> Pocket or cable outlet	<input type="radio"/> lateral
	<input type="radio"/> Individual for Orthokit (please mark on photo or scan)	<input type="radio"/> medial
	<input type="radio"/> No	<input type="radio"/> Yes*
<input type="radio"/> lateral	<input type="radio"/> medial	*Runs from top to bottom over the entire length
<input type="radio"/> Zipper	<input type="radio"/> No	<input type="radio"/> Yes
<input type="radio"/> Silicone adhesive tape	<input type="radio"/> No	<input type="radio"/> Yes

# Configuration Sheet – Cuff shank

Commission no. / Patient ID:  
(No Name!)

## Step 1: What is ordered?

**evomove orthokit** (incl. holder)

**evomove solokit** (incl. pocket)

**Pair of new cuffs** (excl. control unit)

Reference (Ordernumber, patient ID,..): \_\_\_\_\_

right leg

left leg

Fabric color

grey  black

Continuous supply

Test supply  
(4 Weeks)

Continuous supply  
(after test supply)

## Step 2: Recording the measurements (please check)

### 1. Option: 3D-Scan

Please make a **3D scan** of the leg with attached screening electrodes.

**Important:** Please scan with your knee stretched as far as possible so that your knees and ankles can be seen. When exporting, ensure that the electrodes are visible (elevated), the scan is complete and has no overlaps.

We accept **.obj** and **.stl** files.

### 2. Option: Measurements with photos

**Three photos of the lower leg** with corresponding electrodes.

**Important:** Knees and ankles must be visible when taking photos.

## Step 3: Cuff details

	<input checked="" type="radio"/> L2 Cuff length _____ cm	<input type="radio"/> Standard (Minimal, all electrodes included)
	<input type="radio"/> Individual	<input type="radio"/> Standard (medial)
Pocket or cable outlet	<input type="radio"/> lateral	<input type="radio"/> Individual for Orthokit (please mark on photo or scan)
	<input type="radio"/> No	<input type="radio"/> Yes*
	<input type="radio"/> lateral	<input type="radio"/> medial
Zipper	*Runs from top to bottom over the entire length	
Silicone adhesive tape	<input type="radio"/> No	<input type="radio"/> Yes

# Configuration Sheet – Shorts

Commission no./ Patient ID:  
(No Name!)

## Step 1: What is ordered?

- |   |                                 |                              |  |  |
|---|---------------------------------|------------------------------|--|--|
| <input type="radio"/> <b>evomove orthokit</b> (incl. holder)  | <input type="radio"/> right leg | <input type="radio"/> female | Fabric color<br>● <input type="radio"/> grey ● <input type="radio"/> black | <input type="radio"/> Continuous supply                        |
| <input type="radio"/> <b>evomove solokit</b> (incl. pocket)   | <input type="radio"/> left leg  | <input type="radio"/> male   |  | <input type="radio"/> Test supply<br>(4 Weeks)                 |
| <input type="radio"/> <b>Pair of new shorts</b> (excl. control unit)<br>Reference (Ordernumber, patient ID,..): _____ |                                 |                              |  | <input type="radio"/> Continuous supply<br>(after test supply) |

## Step 2: Measurement (mandatory!)

### Circumferences

<b>U1</b> Waist (midway between the lower costal arch and the iliac crest, level with the navel)	cm	
<b>U2</b> Buttocks (strongest part buttocks/hips)	cm	
<b>Important:</b> Please measure both legs.		<b>left</b> <b>right</b>
<b>U3</b> Thigh (1cm below crotch)	cm	cm
<b>U4</b> Knee circumference (back of the knee)	cm	cm

### Lengths

Body dimensions are measured, e.g. using a **rubber band to mark** the positions **U1, U2** and **U4**.

<b>L1</b> Knee length (Waist to knee circumference U4)	cm
<b>L2</b> Buttocks (Waist – strongest point on the buttocks)	cm
<b>L3</b> Seat length (Waist to seat)	cm
<b>Body height</b>	cm

**Important:** The seat should be straight and without padding.

### Step 3: Detection of the electrode position (please check)

○

#### 1. Option: 3D-Scan

Create a **3D scan** using a scanner.

We accept **.obj** and **.stl** files.

**Important:** When scanning, please make sure that the buttocks and both legs can be seen standing from knee to waist.

○

#### 2. Option: Photos

**Photo** with corresponding electrodes.

**Important:** Both legs must be visible from waist to knee when photographed.

**Do not forget:** Photograph laterally from both sides.

### Step 4: Details of the shorts

1

Cord in waistband

No  
 Yes

2

Handypocket

none  
 2a right  
 2b left

3

Pocket for evomove® control unit

3a right |  medial |  lateral  
 3b left |  medial |  lateral

Cable outlet

(standard in the pocket of the evomove® control unit)

individual  
(please highlight in the picture)

Wearing height

Waist shorts |  Hipster shorts

4

Zipper  
(Desired position may be adjusted depending on the electrode position)

No  
 Yes, in the waistband  
 4a right |  short |  long  
 4b center |  short |  long  
 4c left |  short |  long

Yes, on the leg  
 4d right |  short |  long  
 4e left |  short |  long
